The NUMS MDCAT syllabus has been officially announced for the MBBS-BDS entry test. The syllabus covers various subjects including biology, chemistry, physics, English, and logical reasoning. This article provides comprehensive information on the NUMS Entry Test syllabus, which can be downloaded from the link provided below. To achieve success in the exam, it is essential to thoroughly cover all the topics in the syllabus. The complete PDF file includes subtopics for each subject area, such as: Bio-diversity (acellular life / variety of life) Bio-energetics Biological molecules Cell structure and function Coordination and control In addition to these topics, the syllabus also covers chemistry subjects including atomic structure, gases, liquids, solids, chemical equilibrium, reaction kinetics, thermo-chemistry, and electrochemistry. The MDCAT exam material includes topics such as vocabulary, tense / sentence structure, spelling, punctuation, verb, adverb / adjective, biology, chemistry, physics, English, logical reasoning. It is worth noting that the syllabus has some slight variations, but if you have thoroughly prepared one topic, you are likely to be well-prepared for both. The NUMS official website provides detailed information on each topic, and it is recommended to go through the whole curriculum in detail to achieve a higher score. Additionally, checking the test pattern will help you understand how the exams will appear. For those searching for the NUMS Entry Test 2024, this article provides essential information on the syllabus, books, past papers, timing, registration, and other relevant details. For admission to the affiliated NUMS medical colleges, candidates must appear in and pass the compulsory NUMS entry test. This is a pre-requisite for admission without which students can't secure admission to any of its affiliated institutions. Moreover, the test score should not be less than 50% marks. Medical Colleges in Multan Affiliated with NUMS (National University of Medical Sciences) affiliated medical colleges offer various undergraduate courses, including MBBS, BDS, and Allied Health Sciences. Here's a list of private and public sector medical colleges affiliated with NUMS: ##### Public Sector Medical Colleges * Army Medical College, Rawalpindi * Federal Medical and Dental Colleges These colleges offer only MBBS courses with 100 seats for MBBS. Army Medical colleges also offer BDS courses. ##### Private Sector Medical Colleges The list of private-sector medical colleges affiliated with NUMS is as follows: **MBBS:** [Insert table with college names] To determine merit, students need to meet specific criteria: - For pre-medical/ HSSC equivalent 50% - NUMS entry test 50% for SA1-II if not done. Private and public sector medical colleges have different fee structures. Public sector colleges are free for army cadets, while paying cadets pay 180,000/- per year. The FMDC MBBS fee structure is 30,000 PKR per year. To secure admission, students need to submit documents like: - Wealth statement of the parent - Income tax returns - Insurance certificate To prepare for the NUMS Entry Test, you'll need to cover both theoretical and numerical sections. Focus on understanding your textbook questions, as well as learning English grammar rules, including tenses, idioms, and synonyms. For an accurate score, use the recommended textbooks, such as National Foundation Books' NUMS Preparation Booklet, and Handmade Notes. These resources will help you prepare thoroughly. To calculate your aggregate marks, follow these steps: 1. Multiply your HSSC/Equivalent marks by 1100 and then multiply by 0.5 for SSCEquivalent 50% of your SSCE/Equivalent marks. 2. Add the NUMS Entry Test marks by 1100 and then multiply by 0.5 for SSCEquivalent 50% of your NUMS-MDCAT score. 3. Add the results from steps 1 and 2 to get your final aggregate marks. 4. Divide the total aggregate marks by 100 to get your final percentage. Note: The NUMS Entry Test has several FAQs, including information about its format, application, negative marking, policies, and how to obtain roll no slip. If you have any questions or concerns, feel free to ask in the comment section or contact us through our official email. **Education and Learning:** The following topics are covered in this dataset: * Academic subjects (e.g. commerce, computer sciences, engineering) * Exams and tests (e.g. MCAT, MDCAT, ETEA) * University rankings and listings * Medical colleges and universities * Admissions and merit lists **Specific Topics:** The data includes information on various topics such as: * Degree programs (e.g. MBBS, CS, MS) * Entry tests (e.g. MCAT, MDCAT, ETEA) * Merit formulas and listings * Medical colleges and universities in Pakistan * Private and public educational institutions * Miscellaneous** The dataset also includes information on: * Holidays and hostel facilities * Important dates and deadlines * Links to relevant resources (e.g. past papers, study guides) Note that the original text was a list of keywords or tags, so I tried to group them into broader categories while maintaining their essence. 1.
