Instructerables is a community for people who like to do things. Come explore, share and make your next project with us! Photo Courtesy: Gregmontani / Pixabay While you may find that you know some more famous historical figures in history, the Typical Book leaves a lot to be desired. In an attempt to stinish the maximum knowledge for teaching education, few courses have time to really deepen in the lives of some of the most famous figures in history. Here you will discover a collection of fascinating, fun and occasionally hilarious facts about historical figures that you did not learn at school. While many photo cleopatra as an elegance model, it seems that the most famous queen of Egypt is not afraid to leave your hair down. One of the reasons why his renowned love case with Mark Antony worked so well the two were playful news. Photo courtesy: Wikimedia Ancient texts reveal that one of her favorite hobbies was disguising himself, brushing the streets of Alexandria and playing hilarious jokes in people. They founded their own society by calling "fusers" inimitable à € à € "In the winter of 41 years 40 to BC The aim of the group was celebrating, drinking bingando and playing games. Albert Einstein was one of the brighter men of the XX, but he was not always great when it was social interaction. At the height of his fame, he frequently claimed that he was just a guy who looked like Einstein when he wanted to avoid dealing with strangers. Photo courtesy : Wikimedia Commons In 1952, Israel to Asked Einstein if he wanted to become the second president of the country, but politely ended the offer. One of the reasons he quoted was that he did not have the "natural fitness and the experience to deal properly with people." The author of "War and Peace "of the Series XIX Leo Tolstoy is still considered as one of the greatest fiction authors. There is a sane however he took His work, Tolstoy also had a peculiar side. When he got in a The private bandwagon, he was known to leave. Photo courtesy: Wikimedia Commons in one of these instances, he decided to become a vegetarian. But the real amusement started when his aunt complained a day she would really like to chicken for dinner. She arrived at the table that night to find a live chicken tied to the chair and knife of the googeey in her placemat. While many of Martin Luther King Jr. Mark's most famous deeds in history, few people know how much civil rights leader loved Star Trek. When the king heard that the African-American actress Nichelle Nicholls was considering retiring from the show, he left to change the idea. Cedida Photo: Wikimedia Commons He begged the actress to stay, explaining that she was able to represent color people in a smart and beautiful way on TV - which was (and yet) incredibly important. The king's words had an impact so deep in Nichols she reconsidered to retire and remained at the show. Charles Dickens, the Victorian author of Clásicos as "Oliver Twist" and "a Christmas Carol," had a mysterious side. Given that "a Christmas Carol" was essentially a ghost story Of Fans, it makes sense that he was a member of the "Ghost Club of London". Photo courtesy: Wikimedia Commons The group, which included other famous authors like Sir Arthur Conan Doyle, was dedicated to exploring paranormal activities and and beings. Dickens also had a Pet Raven called Grip, which he had stuffed after he died. He even studied hypnotism and was known to use his wife and children as his testing issues. Until the real life can get a bit boring sometimes. That's why Marie Antoinette decided to use her riches to build her own fantasy world. It was called Hameau de la Reine (Hamlet da Queen) and was the former village of Queen, where she could pretend to be who she wanted. Photo Courtesy: Wikimedia Commons She retreated with her children or friends and had her servants pretending to be her inhabitants. The queen liked to play the role of a pastor and walked by AA and lived as if it were a suitcase for the day. Winston Churchill once joked joked: "No, I can not save men; you will have to use women." The comment ended up inspiring his daughter, Mary, to join the auxiliary territorial service. At the age of 21, she rose to the post of Junior Commander, who was equivalent to Captain's post. Photo courtesy: Wikimedia Commons, while many took over she expected special treatment, she proved that nothing could be further from the truth and worked right next to her soldier colleagues. She fought in front like the leader of 230 other women before retiring from the armed forces in 1946. At the beginning of the 20th century, Comedian Charlie Chaplin became one of the first stars in the world. Therefore, it is not surprising that at the height of its popularity, a large number of imitators Charlie Chaplin began to emerge around the world. Photo Courtesy: Wikimedia Commons Chaplin had a great sense of humor, so the caption has to at some point between 1915 and 1921, he decided to enter a lookalike Charlie Chaplin contest. By assuming that he would stack very well against his imitators, things were not exactly when they planned, and he ended up losing. When Michelangelo was 19 years old, he created a sculpture that he passed as ancient old grace. So dedicated it was the fakes that he buried and dug back so that he had that old look and TimeWorn. Photo Courtesy: Taylor Smith / Unsplash her efforts valued when she sold the forgeria to Cardinal Raffaele Riario for much more than he would have if he admitted the sculpture was an original. Ironically, when the cardinal discovered the truth, he was much more impressed than angry and helped to throw Michelangelo's career. One hundred years after the famous Italian astranist Galileo Galilei died, his remains were resigned at the Basic of Santa Croce. During the movement, however, several of Galileo admirers decided to take some Ghoulish souvenirs. At the moment he was returned, he was missing three fingers, a VÂ © Rtebra and a tooth. Photo Courtesy: Eric Vandeville / Gamma-Rave / Rawn / Getty Images The bizarre souvenirs were transmitted through several families to two fingers and the tooth appeared at an auction in 2009. The rest Finger traveled through several museums and was on display at aptly named Galileo Museum in Florença, Italy. Although the famous aviator Charles Lindbergh knew for several things, he managed to keep some enormous personal secrets. It turns out that during her marriage to her American wife, Anne Morrow Lindbergh, he also got paternal children with at least three other secret lovers. Photo Cedida: Wikimedia Commons The children of your love affairs grew only by knowing your father for a false name and have been told to never mention it to anyone. Although two of his secret lovers were sisters, he did not seem to care about the arrangement. Lindbergh supported them financially and visited a few times a year. Fidel Castro will go down in history as a Cuban communist revolutionary and president, but it is not because the United States did not try to stop it. During the Cold War, the CIA was Adamant in finding new ways and to bring Castro by any means. Photo Cedida: Bettman / Getty Images was revealed revealed The organization made more than 600 attempts to humiliate or assassinate Cuban Lorder, although always showed enough to avoid falling into the pitfalls. Some of the strangest schemes involved poisoning his diving suit and trying to explode it with an exploding cigar. Although, fortunately, none of them won, it is incredible that Adolf Hitler, Joseph Stalin and Benito Mussolini were all nominated for the Nobel Paz. Hitler was named as a sarcastic joke by an anti-fascist member of the Swedish parliament in 1939. Photo Courtesy : Patrik Stollarz / Stringer Via Getty Images Stalin was actually nominated not once, but twice, in 1945 and 1948, for his efforts to help bring World War II to an end. Mussolini went to the farm in 1935 for helping to get the Italian economy back to the track. Collectively, the three dictators earn the farm by the most irion candidates of all time. While the French writer and fletptive of the century XVIII known as Voltaire is still famous for his work today, Voltaire was not his real name. His legal name was in truth François-Marie Arouet, and Voltaire was a pen name that no one is sure how he came. Photo courtesy: Wikimedia Commons, since he was far from being in his writings, publishing them under a false name was definitely a good idea. Due to his bold chromic to the French government, he created the habit of living near the border to get away from a moment. When Elvis Presley's girlfriend discovered him dead in her bathroom, she was announced that a heart attack had killed the rock "n" roller legend at 42 years of age. Over the years, the doctors who participated in their autopsy admitted that this was far from all the story. Photo Courtesy: Wikimedia Commons Unfortunately, Elvis was struggling with a huge pulp viney and was in large quantities of opiols, which can cause a severe constipation. Many physicians now believe that it is likely that the enormous size of their colon and severe constipation play a significant role in his death. The tensions have increased if the Confederate civil war monuments must be removed. In 2017, the announcement of the pending removal of a statue of General Robert E. Lee was received with protests and violence. Photo Courtesy: Wikimedia Commons Ironically, General Lee was openly opposed to the idea of all the monuments of war. As he placed it, "I think it is more serious, in addition, not to keep the wounds of the war, but to follow the examples of these nations that struggled to obliterate the brands of civil , to commit to forgetting the feelings. " President Abraham Lincoln was famously known for his ability to hypnotize an audience. In 1856, he said he gave a speech in Bloomington, IL, who was so moving that all the reproductions present forgot to make notes. Consequently, no transcription really exists, and is still referred to as "Lincoln's lost speaking". Photo Courtesy: VCG Wilson / Corbis Via Getty Images What few people can know, however, it was so honest Abe also was a killer fighter. As a young man, he only lost one of 300 Wrestling games and was even honored as an "exceptional American" in the corridor of National Wrestling fame. While famous fletptophy, composer and writer Jean-Jacques Rousseau may seem like the model of a século XVIII, he also had a beautiful bizarre habit. He liked to go around moving random women and, in his autobiography, he explained why. Photo Courtesy: Wikimedia Commons After being beaten when you children for a woman who helped to raise him, she was surprised to find out he liked the experiment. Seeing how this was long before the age of fifty shades of gray, he spent much of his life longing to recreate the experience and expose his ass Strange women in alleys. Some people are lovers, while others are fighters, but Napoleon Bonaparte was a bit of both. The famous French general and the emperor had a gentle side, which led him to write his own romance called "Clisson et Ets Cedida Photo: Wikimedia Commons written a year before Napoleon gets to know and get married in his wife, Josephine, the story revolves around a young soldier and his love interest that continually meet separated by love and eventually death. Although an English romance translation was not available until 2009, you can take a look today by buying a copy in Amazon. As a renowned soldier, explorer and poet, Sir Walter Raleigh was among the most famous figures of Elizabethan England. In the last analysis, he succumbed to an accusation of betraying under King James I and was beheaded in 1618. While his body believes to be buried in Westminster, what happened to the head It's uncertain. Photo Courtesy: Wikimedia Commons Many accounts claim that her wife, Elizabeth "Bess" Throckmorton, one of the ladies of Queen Elizabeth waiting, kept her husband's head for years after her death. Some said she preserved in one case; Others said she kept in a leather bag. Nikola Tesla made revolutionary contributions to the modern world with her work on the ELECT supply system, but her romantic side was complicated. He insisted on remaining celibates throughout his life and allegedly died a virgin, although he was known to have entailed an intense love by pigeons. Photo Courtsy: Wikimedia Commons He claimed that a white female pigeon visited him through the window open in a hotel room and died in his arms. Tesla noted that the eyes of the bird produced "a more intense light than I had already produced by the most powerful mps of my laboratory." One of the most prolific writers of American history, Samuel Clemens, passed through several evil pen names before settling in Mark Twain. Among those who were lost were Thomas Jefferson Snodgrass and W. Epaminondas Adrastus Blab. Photo courtesy: Wikimedia Commons Clemens was forced to abandon the primary school after his father died, and he became self-educated via public libraries. The title character in its famous romance, Huckleberry Finn, was based on a real kid that Clemens grew up with called Tom Blankship. Although poor, Clemens said that Blankship had "so good heart like any boy." The famous aviator Amelia Earhart was an independent woman, and the prenuip she drew for her husband made sure she was entering. George Palmer Putnam proposed to Earhart six times before agreeing to marry him, with some conditions. Picture Courtesy: Wikimedia Commons Prenup made it clear that it would not only fly, but that she would rather have an open marriage. She made her clear terms writing, "I will not hug you for a medieval cord of fidelity for me, nor do I consider you for you in the same way." Thomas "Stonewall" Jackson was one of the most famous Confederate generals of the American Civil War. Ironically, he was accidentally shot in the arms three times by friendly fire during a recognition mission on May 2, 1863. Photo courtesy: olekinderhook / web.archive.org his arm had to be amputated that , along with pneumonia, was part of the cause of his death on May 10, 1863. A chaplain that served with the company did not think it would be sure to simply throw the arm to the regular stack of amputated members Then he gave his own Christian burial, complete with a pipe. Although there are many female journalists celebrated today, things were always faithful to women's reporters in the DÂ © Each of 1930. That's why the first lady Eleanor Roosevelt decided to carry out a press conference in White House in 1933 exclusively for female reporters. Photo Courtesy: Bettman / Getty Images The conference was a success that the first lady transformed her into a tradition and held almost 350 women only press conferences throughout the years old. Sessions covered matters that were important for women at the time, including everything from equal payment and housing to accessible pregnancies for minimum worries in the salary. In the Anaís of Fandom, Henry Ford was above and and In his devoÀÁ É it to your Adolo, Thomas Edison. Ford ATA © had the good fortune to have a friendship with Edison throughout his life. Some say Ford asked Charles Edison, son of Henry, to collect his father's sigh Aºltimo when he died. Photo Courtesy: Wikimedia Commons If the request of the Ford or not the É, Charles asked eight open test tubes next to his father's bed to be sealed in Edison's death. Later, he sent one to Ford, and "Edison sigh Aºltimo" still estÁ; in exibiÀÁ É today at the Henry Ford Museum. NÂ É o-Only John Quincy Adams Á © Aºnico the president of the U.S. who was elected despite losing the popular and electoral votes, but as well © m was quite a character.
