Jingle Bells sheet music is one of those need-to-know pieces for beginner piano players. The sheet music has so many things going for it, both for the student, and from the perspective of the teacher! Here is Jingle Bells, as I give it to my beginners. Please scroll down the page for the free links to the downloadable PDFs. Please scroll down the page for the download links. First of all, Jingle Bells is such a familiar tune, that even when it's not the Christmas season, little kids are often very excited to learn it. Because of its familiarity, they will memorize it quickly, and then, if you wish, you can start adding other activities. Like Mary Had a Little Lamb, this is a good song to use as a foundation for learning or polishing new skills. Here is an even easier way to read Jingle Bells. These Alphabetic are like music note drawings: Please scroll down the page for the download links. So what makes Jingle Bells sheet music so versatile? This easy piano music uses all 5 fingers of the right hand, stays in one "position", can be improved by the addition of left-hand chords, and, like Mary Had a Little Lamb, is easy to transpose! This Christmas song is the perfect tool working on pentascale positions (5-note major scales) and the three main chords. Here it is with chord symbols: Please scroll down the page for the download links. But there's no left hand part! I want my students to learn early on how to read chord symbols, so they can play lead sheets. Each "C" over the melody line means "play a C chord here". That will remain the chord of choice, typically sounded on each first beat of a measure, until a different chord symbol, such as "F" or "G", shows up. See below how I actually have my students play Jingle Bells sheet music, with open chords (open fifths). Please scroll down the page for the download links. Why not just START with a lead sheet? I like my beginning readers to USUALLY use music that shows the grand staff, as that is how they are learning to locate Middle C - it is "in the middle between the two staves." Indian Dance and Lavender's Blue are exceptions, but they are unfamiliar melodies, and I have different goals with these songs. And because they are beginning readers when I give them this music, I want as few distractions on the music as possible. I suggest you give it to your piano students without the chord symbols initially, or else make a point of asking them "What does this letter C mean here? And this F?" and let them figure it out. If you're looking for more Christmas songs, please see the link below.

I sort of see this piece as an exercise in composition for me, each variation explores a different sort of idea: vrl var: This one is, I guess, an exercise in line embellishment. I tried to imitate 19th century brillante playing and right hand filigree of that era's virtuoso. vrl var: This one is an exercise in harmony augmentation. As the originals harmony is quite static around the tonic, I tried to put in interim chords in the progression. I kept the harmonies within the limits of 19th century harmony so it doesn't interfere with the melody.vrl var: This one is an exercise in melodic augmentation. As the original melody is in G major, just the same as the end of the first vrl var: As this final one is an exercise in ornamentation, I do that. I put the very ornate trill in a 3/4 meter and made it a bit faster, or, at least I tried. I'm not very sure if I did it well, but I tried. The ending might be a bit lack-luster, but it was never expected with writing waltzes, but whatever. vrl var: "Jingle Bells" variations "original", "origin": "original", "brilliant": "original", "major": "jingle bells", "blocks": "false", "license": "false", "rights-reserved": "Instrument id:114, is backlist=false, measures=243, keysig='E major', D minor', license\_id:'9, license\_version': '4.0', song\_name 'Jingle Bells', artist\_name', Misc Traditional', complexity='2', links": {"self": "href": ""}, "sets": {"link": "http://36549514/set/5389316","title": "This year"} {"url": "/user/42788090/sets/5126102/"}, {"url": "New songs"}, {"url": "groups"}, {"url": "Piano Virtuoso"}, {"url": "Keyboard"}, {"url": "Always Learning"}, {"url": "Young Composers Group"}, {"url": "Critique and Reviews"}, {"url": "Original Classical Composers Club"}, {"url": "Original Compositions"}, {"url": "Classroom models"}, {"url": "The Awesome Piano Players"}, {"url": "Composers"}, {"url": "Piano"}, {"url": "We
