GOLD preliminary

The trusted **Gold** series builds students' confidence by combining carefully graded exam preparation for the Cambridge English exams with thorough language and skills development. Providing enjoyable, communicative classes with a strong emphasis on personalization, **Gold** is the popular choice for teachers around the world.

Gold Preliminary Teacher's Book provides:

- Step-by-step guidance on how to use **Gold** in a blended classroom
- Full teaching notes with answer key and audio scripts
- Ideas for additional and alternative activities
- Two photocopyable worksheets with teaching notes for each unit
- CD-ROM answer sheets to create real exam conditions in the classroom

With the Teacher's Book:

- **Testmaster** providing editable unit, progress, entrance and exit tests online at www.pearsonELT.com/digitalresources/goldpreliminary

Other available components:

- Coursebook with **Audio CD-ROM** new design, new content, same winning formula
- **Exam Maximiser**: extensive support for the Coursebook, plus a complete practice test
- **Active Teach**: interactive whiteboard software providing everything the teacher needs on one disc, including speaking test video material
- More teacher support at www.pearson.com/eltplace

Active Study
Dictionary
LONGMAN

We recommend the
Longman Active Study
Dictionary to accompany
the course.

For additional test
practice we recommend
Preliminary Practice Book

4 His art appeals to me. 8 I'm not looking forward to the exam.

- 69.4** 1 b 2 a 3 b 4 a 5 a

for English learners with a minimum B1 reading level, and offers guidance for both versions of the IELTS (Academic and General Training). English Collocations in Use (Cambridge) English Collocations in Use (Cambridge) Learning a new language can be difficult. It's especially useful if you have to do a lot of writing in English, but also good to read if you need to reach an advanced level fast. It only offers explanations and examples. There are two aspects to the service, one which is an online word pad that you can type into, or copy and paste your writing into. For adults, I recommend the English Vocabulary Builder, which includes 3,000+ words and phrases related to ordinary objects, actions, and situations. Why is grammar important? (Note: If your goal is to review English grammar before taking the IELTS test, it's better to get a specialized text.) English Grammar in Use (Cambridge) A great book for studying English at home is Raymond Murphy's workbook, English Grammar in Use. Practical English Usage (Oxford) A common problem with grammar books (in any language) is that they give the reader too much information. Then, simply click on the "Check" button. But there is also the question of how to use the word naturally, like a native speaker. In my own experience as an autodidactautodidact: a person who teaches himself / herself, rather than being taught by a teacher, no other method offers so much information for so little money. Do note, however, that there are no exercises. You can then run a grammar check for free, or pay for the premium service for a more thorough grammar check.You can also install the Grammarly toolbar for your internet browser, which means that the grammar checking tool can be activated anywhere that you want to type online, including in emails and on social media platforms.ScribensFor a basic website for grammar checks, try Scribens. There are many books that you can use with this picture-learning method. I've organized the list into three categories:If you're planning to take the IELTS, I've also include 3 useful books specifically for IELTS preparation.Some of these books are a bit priceypricey: (informal) expensive - but when you consider that you will study them and refer back to them for many weeks, months, or years, they may be the cheapest investment you make in your education. The more time you spend on a poorly designed learning program, the less time you have for other goals and interests. They have similar books for learning Phrasal Verbs and Idioms, in case you want to expand your vocabulary even further. The newest edition includes 60,000 words and 109,000 examples. For institutional purchases for multiple users, contact your local sales office. These 3,000 words also allow you to understand every word in Oxford Advanced Learner's Dictionary, a special dictionary for students who wish to attend an English-speaking university. Do note, however, that the intermediate book is written for B1/B2 learners, so if your English level is lower or higher, you should consider getting the Beginner or Advanced books instead. Although there are many ways to learn English, the best place to begin is with a few high-quality textbooks. It touts itself as a great way to ensure that your writing is without mistakes. As Jasper Fforde put it, "Ill-fitting grammar are like ill-fitting shoes. The site is a word pad, so you can write into the blank space or copy and paste your content. To register on our site and for the best user experience, please enable Javascript in your browser using these instructions. This is a list of the most useful, and most-frequently used, words in English-speaking countries. Plus, the site can help you with sentence flow, run-on sentences and avoiding overuse of words.Grammar LookupGrammar Lookup is an online tool that uses artificial intelligence. Do note, however, that this book does not teach you vocabulary or grammar. But a lot of books make the topic more difficult and confusing than necessary. But you can also learn a lot about speaking from a couple good books, like those below.Finally, if you want to attend an English-speaking university or get a visa to work in an English-speaking country, you will probably need to take the IELTS. If you think the service is really useful, you can upgrade to a paid version that offers a more thorough grammar and plagiarism check. What makes DK's books different from other picture books is that each section of the book includes listening and review exercises, and you can practice pronunciation on their website or using their free app. They see hear the word pizza, and learn that they can say the word pizza when they want to talk about . And if you use open-source word processing tools like OpenOffice or LibreOffice, it has you covered.GrammarixGrammarix is a straightforward grammar check website tool. MORE FROM QUESTIONSANSWERED.NET English Grammar in Use is also available as an interactive eBook!If you want the flexibility of having English Grammar in Use online or downloaded to your tablet, the eBook makes it easy to study on the go, with all of the content from the printed book available digitally, plus integrated audio to help with listening and pronunciation practice.The eBook is accessible via a code in the print Book with answers and can also be purchased separately.For a single purchase, download the free Cambridge Bookshelf app from the App Store or Google Play, then select and purchase English Grammar in Use and download it to your Pad or Android tablet. For intermediate and advanced students, it is a great resource to have. In fact, the best way to study this book is to start with the topics that you find most interesting or confusing. (Make sure you get the version with answers.) It's the most popular grammar book in the world, and for good reason. Oxford Advanced Learner's Dictionary (OALD) Oxford University is famous for creating one of the biggest English dictionaries (with 600,000 entries). Of course, the best way to improve your speaking skills is to practice with a tutor or some English-speaking friends. One of the best ones for learning English is DK's English for Everyone series. There are also volumes for learning grammar, idioms, and business phrases. You can also download an app version on your smartphone that allows you to speak the word you want to look up (in case you don't know how to spell it — which is a common problem with English words). There's a simple word pad on the front page of the site where you can paste your text. So it's unsurprising that they also publish the best book for preparing to take the test. Even free learning materials cost something: your time. That's because the site will explain why their original writing was grammatically wrong.Plus, you can download the Scribens extensions to use it in your internet browser. English Grammar: Understanding the Basics (Cambridge) If you feel confused about terms like 'transitive' and 'intransitive' verbs or 'demonstrative' and 'interrogative' pronouns, then another book to consider is Cambridge University's English Grammar: Understanding the Basics. I also find that my students who are the fastest English learners are partial autodidacts: they do extra self-study at home, and they spend their study time learning from books - not movies or games.With that in mind, here are 8 books that I typically recommend to students who want to do extra self-study. Not apps, not podcasts, not YouTube. Whatever your needs are, here are some of the five most useful online grammar checker tools available.GrammarlyIf you're looking for an online tool to help correct your grammar, Grammarly is one of the best options available. Each grammar topic is explained in simple terms, with lots of examples and practice exercises. The best thing about these books, of course, is that they can help you learn English at home, and fast. This is also how babies learn their first words. You need to learn what it means, how to pronounce it, how to spell it, and how to use it in a sentence. To speak natural English, you will need to spend some time studying collocations. With the other two books, you will how to fix your mistakes and build longer sentences, but this book helps you to understand 'the big picture' of English. The three books below are great because they make English grammar as simple as possible — and sometimes even fun. Cambridge University (also famous for their English experts) has created a series of books that can help you learn these tricky phrases. It focuses on listening, reading, speaking, and writing skills - just like the IELTS itself. It was first published in 1980 and has been improved several times over the past 40 years. According to these experts, once you learn these 3,000 words, you can understand 80-90% of English conversations, websites, newspapers, etc. In addition, the book includes lots of tips, explanations, exercises, audio and visual examples - plus 8 complete practice tests. They are written by linguistics professors who are interested in the history, psychology, or science of language — so they don't explain common problems for English learners. I can identify which students practice this bad habit, because they struggle to speak fluently - even after many years of English study.

A Vocabulary bank provides extension of some of the key vocabulary sets in each unit with a focus on important areas such as word-building, collocation, etc. Key language is presented and cross-referenced to a Grammar Reference and practice bank at the back of the book; Audio, video, scripts, word lists available online Home page for English Grammar Today on Cambridge Dictionary 9. Affordable English Online Coaching fees: Online English Speaking English Course Fees in India is between 2,000/- to 4,000/- Rupees. 10.
