You can also download the below list following the PDF link. Scopus is currently the most popular and largest abstract and bibliographic database of peer-reviewed literature: scientific journals, books, conference proceedings, trade publications, book series, scientific web pages, and patient records. Scopus was launched in 2004 and includes articles published from 1966 onwards. Apart from Scopus, other popular journal indexing databases are Google Scholar, Web of Science, NIH/NLM, PubMed, DOAJ. As of May 2022, there are 26,228 active journals in the Scopus database, and 23,233 journals publish articles in English. Of the total number of active journals, 5,239 journals are open access journals. 536 of those journals are added only in May 2022. Out of these 23,233 journals, there are 484 Indian journals indexed in Scopus. Below you will find the top 50 Scopus Indexed Indian Journals Click here to download the list of Scopus indexed Indian Journals Read More How to Find Journals Indexed in Scopus Top 100 Journals With Impact Factor in 2022 Download the complete list of Scopus Indexed Journals (PDF) Academic journals, scholarly journals, peer review journals, high impact journals and online journals of India can be found here. Journal Index list and evaluate these journals of India for convenience of authors and reviewers. Finding suitable journals is important for Indian authors. Journal Index helps journals visibility and presence in internet. Journal profit with publisher name journal related ISSN and academic publishing areas for scientific articles can be found with the Indian indexed journals and Indian online publishers. Journal managers and editors can submit their journal to us for listing and indexing of journals. In case your journal is not in the list, please use search journals. Journals list updated occasionally. Journal Manager or Editor can report any journal update or suggest corrections from here. Name of Journal | Country | India ISSN | Major Fields 1.
