OlivedPro is a modern, all-platform live streaming recorder that monitors the streamer's status and automatically turns on recording when your favorite streamer is online. Helps you capture every live content just like a regular TV recorder.This software can record with the best video quality, from 720p to 4K! If your network bandwidth allows, it can record as many broadcasts as you want at the same time. Now, OlivedPro has supported recording on bigo, bigo, Twitch, bigo, Douyin, Douyu, Huya, NimoTV, Bilibili and lots of other platforms! Download and use it now! You can check on the usage video at OlivedApp or see the instructions below.StepsDownload the software at the live url into the softwareOnce you submit the task, you will see the live being recordedYou can also customize the configuration items as requiredThe recorded information can be viewed on the task details page The default is to simply paste in the url and it will automatically resolve the other configuration items without having to fill them in manually. url format can be viewed on the platform page.Automatic transcoding to MP4 formatAutomatic cutting when the file is of a certain size or the playback length meets certain conditionsSome platforms require cookie configurationChange detection intervalCustomize the file name generated by the downloadCustom proxiesCustom storage pathCustom downloader You cant perform that action at this time.
