This Michigan Practice Test Number of questions on each practice test: 20 Question pool: 750+ This is a randomized practice test. MI SOS Knowledge Test for Learner's Permit and Driver's License Number of questions on exam: 80 questions Passing score: 70 percent Correct answers to pass: 56 Allotted time to complete test: n/a Wait time before retest: 1 day (three attempts, a new fee is required each time) This Michigan permit practice has 20 random questions in each set. You can find the answers to all questions in the MI driver's handbook "What Every Driver Must Know" published by Michigan Secretary of State (SOS). When you study for your permit or full (adult) driver's license, you should get the latest version of the Michigan handbook. You can get it online or a copy at any Secretary of State branch office. Remember to read this manual all the way through. After building up some basic knowledge from the guide, use the practice tests to check your progress and whether you are ready for the permit exam. Remember, focus on understanding questions and answers, not just memorizing them. You should use a practice test as a supplement to the manual, not as a replacement. After each practice question, you will get instant feedback that tells you whether your answer is correct. If you make a mistake, there is a short comment explaining the correct answer. Reading the corresponding chapter in "What Every Driver Must Know" is a good idea. You can take as many sample tests as you need. There is a new set of questions each time. Practice questions that are the same or similar to the real test, but the tests are not real knowledge exams. They will only help you prepare for the real thing and help you study. You should know that driversprep.com is privately owned and not affiliated with the Michigan Secretary of State or any other State Entity. The actual examination (segment 1 test for teenagers) has 80 questions. It is a lengthy test, and staying concentrated through 80 questions is hard, especially when you are only practicing. A shorter practice test helps you stay focused all the way through. It also gives you more time to compare answers with the facts in the manual. Aim for a 100% score on each sample test. That way, you will know that you can pass the real examination. How do practice tests help? Online practice tests have two purposes. They help you recap important areas of "What Every Driver Must Know." They help you verify that you have learned important rules and road signs and tell you whether you are ready for the real test. Driving is a complex task. It helps if you are well-prepared every time you get behind the wheel. Knowledge, training, experience, and attitude are all important to be safe on the road. With knowledge and a good understanding of road rules, safe driving techniques, road signs, and traffic signals, you can reduce the risk of getting into accidents. That is why it is crucial to learn the facts in the Michigan manual and verify your knowledge. Studying for both the test and your future safety on the road is in your best interest. The passing score in Michigan is 70 percent. It is the lowest passing score in United States. Michigan 70% New Mexico 70% New York 70% Texas 72% Massachusetts 72% With 80 questions, there is a good chance that you will pass the test. Two segments of the test are known as the Segment 1 and Segment 2 exams. At the end of the Segment 1, you must pass a written test with 80 questions. You must correctly answer 56 of the questions to pass the Segment 2 exam. You must correctly answer 14 of the 20 questions about distracted, impaired, fatigued, or emotional driving. Michigan also asks questions about seatbelts and strategies for safety on the road. If you are 18 years or older, you apply for your temporary instruction permit at a Secretary of State office. You also take your knowledge test at the office. This test corresponds to the Segment 1 exam. There is no additional test if you are 18 years or older. Michigan state does currently not allow online testing from home. Eighty questions may sound like an overwhelming test, but you only need 56 correct answers to pass. If you take many practice tests on this website, your chances of passing are good. When studying for 10 hours or more, more than 96% of our users pass the Michigan exam on their first attempt. We rarely get reports about users who failed the test. If you do, we would like to know why you think you failed it. Read more: Top 5 Mistakes Test Takers Make . If this is the first time you apply for a license, you must always pass all the tests before you can get a Michigan Driver's License. If you are under 18, you must follow the GDL program rules, which have two knowledge tests. There is just one test for knowledge test if you are 18 years or older. Suppose you have a permit issued by another state. In that case, you must prove that the driver education in the other state meets Michigan's minimum standards of 30 hours of classroom and six hours of behind-the-wheel training. Otherwise, you must pass Michigan's state exams. Suppose you move to Michigan from a country other than the United States, Canada, Germany, and the Republic of Korea (South Korea). In that case, you must pass the same tests as new drivers. If your Michigan license expired more than four years ago, you must apply for a new license and retake all tests. A driving privilege will remain revoked until you attend a Driver Assessment re-examination. Depending on the reason for your revocation, the Department may require that you pass the written, vision, and on-road performance test again. Michigan Department of State can ask for a re-examination if you have the following: A physical or mental condition that impairs your ability to drive safely. Been involved in three or more negligent crashes resulting in injury or property damage during the last two years. Been involved in a fatal crash. 12 or more points on your driving record within two years. Been convicted of violating your driver's license's terms, restrictions, or conditions. Suppose you move to Michigan with a valid license from another state, the District of Columbia, or a U.S. territory. The Secretary of State will usually waive the knowledge test in that case. The computerized test is available in English. If you need help speaking or reading English, ask for a list of available foreign language interpreters. Paper versions of the official written test are also available in some other languages. Check with your driver instructor or local State office. If you are hard of hearing, you can request a sign language interpreter in advance or use a personal interpreter. The permit test has no time limit, but you must arrive at least one hour before closing to allow enough time to complete the test. The test usually takes about 25-30 minutes to complete. Should you fail the test, SOS allows you to retake it the next day, but you may choose to wait a bit longer. If you missed 24 questions, you missed many vital facts. You must pay a new fee each time you take the test, and you are only allowed three attempts before a longer waiting time kicks in. Ensure you have the correct documents before visiting a Secretary of State office. The clerk will only accept your application for a permit or driver's license if all necessary documents are present. You need: Proof of Social Security Number (1). Proof of legal presence (1), if applicable. Proof of identity (1). Proof of Michigan residency (2 documents). A parent or guardian signature/approval if under 18 years. For minors, residency can be confirmed through documents in the parent's name if other proof can establish the family relationship. If you have any questions about what documents you need, visit SOS FAQ or call the Information Center at 888-SOS-MICH (767-6424). To start, you must be at least 14 years and eight months, have approval from a parent or legal guardian, and have your application confirmed by SOS. The classroom phase of the education must include: A minimum of 24 hours of instruction. The state-approved written test for consideration of a certificate of completion. Home study time is not considered time earned toward the 24-hour classroom requirement. The driver education provider may have additional classroom requirements such as attendance, homework, and additional testing requirements. The driving instruction phase of education must include the following: A minimum of 6 hours of on-road driving instruction. No more than 1 hour of driving instruction per day. At least 4 hours of observation time in the training vehicle. The maximum number of students in a driver education vehicle is 4. At most, two people can occupy the front seat. A student can only have driving instruction individually if there is written consent from a parent. To move on to the segment 2, you must have: Held a valid Level 1 license for a minimum of 3 consecutive months. Completed a minimum of 30 hours of driving time, of which 2 hours must be at night. Classroom Requirements during this segment: A minimum of 6 hours of instruction. No more than 2 hours of instruction per day. A maximum of 36 students per class. Home study time does not count toward the 6-hour classroom requirement. The state has simplified the graduated driver licensing process to reduce customer visits to branch offices. They will issue a photo license hard card for a GDL Level 1 license instead of a paper license. You don't need to return to the branch office for Level 2 or Level 3 licenses. The full unrestricted license will be mailed to you when you turn 18. Video: Michigan Road Sign Test Video: Michigan Practice Test 1 - 40 Questions Congratulations! This is a passing score. The best way to study for your permit or full driver's license test is to use both the Driver Handbook and these permit practice and driver's license test. Ensure you have the latest version of the handbook and read it. Pay special attention to rules and laws that are specific for California . Use the practice tests to verify what you have learned and whether you are ready. Take enough sample tests at Driver's Prep to ensure you can reach the perfect score of 100%. This way, we can guarantee you will pass the official exam. Each practice test at driversprep.com has 25 random questions based on the handbook and authentic questions from California DMV (dmv.ca.gov). You will get instant feedback and a brief explanation if you miss a question. Remember, the online MVProctor Test has 40 questions for new applicants (25 questions if you renew an existing license). You must always take a knowledge, vision, and road test when applying for an original California driver's license or upgrading to a different class of driver's license. DMV will usually waive the knowledge and road tests if you have a driver's license from another state. After a revocation, you must apply for a new license and re-take all necessary tests, including the knowledge test. Holders of a driver's license from a country other than Canada must also take all tests. California does not waive the knowledge test if you move to California from another country. Previously, you got the DMV knowledge test on paper. Today, you generally have two options. You can take the test at DMV on a computer with a touch screen. Instead of marking the correct answer with an "X" on paper, you tap the correct answer on a screen. If you qualify, you can also take the MVProctor test from your home computer. Your computer or laptop must be internet-ready and have a webcam. You cannot use a tablet or mobile device.
