All download options have the same file, and should be safe to use. That said, always be cautious when downloading files from the internet, especially from sites external to Anna's Archive. For example, be sure to keep your devices updated. Help out the community by reporting the quality of this file! 0) A "file MD5" is a hash that gets computed from the file contents, and is reasonably unique based on that content. All shadow libraries that we have indexed on here primarily use MD5s to identify files. A file might appear in multiple shadow libraries. Learning a foreign language can be difficult for some students because it is unlike any other class. This class requires that you listen, speak, read and write on a daily basis. It's very interactive because languages are interactive. If you allow yourself to 'buy into' the topic at hand and relate it to your own life, you'll find that learning Spanish can be a lot of fun and doesn't have to be a burden. I guarantee that I will provide you with lessons that you can relate to followed up by ample time to practice in class. It's your job (at home) to complete the 15-20 minute homework assignment that will be assigned daily. Keep in mind that learning a foreign language is not magic. It's not instant like many other things are. You'll find that the learning process takes time, energy and commitment. You can do it! I am always here to help. Aug. Prelim.
