RAKING LEAVES

I raked the leaves on our front lawn;
It took all afternoon.
I started at 'round half past one
and said, "I'll be done soon."

But once I saw how more leaves fell
Each time I made a pile,
I quickly saw this outdoor chore
Was going to take a while.

And so I did what my dad said
A winner does to win:
I studied that great pile of leaves,
And then I jumped right in.

Once there was a little boy who always slept in school.
He never paid attention so he grew to be a fool.
Now he wandered into a pizza shop - he felt his stomach growl.
But as he listened to the clerk his brain began to howl.
"Would you like 1/4 or 1/8?" she asked with attitude.
Now the boy could not recall his math but he hated to be rude.
He knew about what she meant exactly he stammered and had to think.
"1/8 should be good," he said and walked with his drink.
As fast as rain that chocolate, cream, and sugar tasted.
That how they all look and said: "These must be some mistakes!
My place should be 1/8 a pizza and this slice is quite petite.
I came here feeling hungry and I'm needing lunch to eat!"
So just remember pay attention and let me tell you what.
If the number in the bottom is big it will not fill your gut!
